EXCLUSIVE INTERVIEW

"I joined the hotel nearly 23 years ago, starting my career here as a liteguard! 3 years later I became a Bellboy and I finally moved into my current, much loved position 4 years ago. Meeting guests and learning different cultures is my greatest pleasure!"

The hotel has been extremely good to me, and has helped me with learning English, which is very important in my job. Being able to speak English has given me the confidence to talk with guests - for me the most enjoyable aspect of

"Jojo", and the rest of his 22-person section is very much "front of house", helping our guests to find their way around Bangkok by organizing transport and recommending places to go.

> Mr. Piya "Jojo" Supawona Senior Concierge Officer

"When I first came to the hotel as an intern, 5 years ago, I wasn't 100% sure it was where I wanted to work (despite my degree in Hospitality). It didn't take long for me to realize that this was a place that could help me so much in my career!"

I have been able to progress quickly here and have learned so much about both HR and the hotel industry. My colleagues and the hotel's management are always helpful and I feel I am given plenty of responsibility for someone of my age and experience.

In her supervisory role in the HR Department, Piyachat is responsible for managing the hotel's payroll, and is heavily involved in all aspects of recruitment, from advertising positions to arranging interviews and processing relevant documentation.

> Ms. Piyachat Salapruna **Human Resources Supervisor**

NEWS
