## GM MESSAGE

WELCOME  
BACK!

Coronavirus COVID-19 has caused unprecedented suffering and uncertainty across the globe, and our thoughts and prayers are with those who have been affected by its impact. Here at the hotel, in April we took the step of closing our doors to guests, for the first time since we opened them in 1996. For our hard-working culinary personnel, though, there has been no respite. They speedily created and prepared a range of tasty and nutritious Italian and Korean meal boxes for home delivery to housebound Bangkokians. As well, they found the time to produce hundreds of meals that were distributed to the hard pressed staff of 4 hospitals in the area.

Now, though, we sense some light at the end of this dark tunnel, and we are delighted to be able to invite guests back to our wonderful hotel in the heart of Bangkok. Many of our rooms have been renovated, all have been thoroughly and intensively cleansed. You may find some of our facilities remain temporarily closed, and for this we apologize and thank you for your understanding. We do, though, welcome you back with dazzling Thai smiles and our pleasure in seeing you.

Finally, I would like, on behalf of everyone at the hotel, to express our admiration and appreciation for medical staff everywhere. Their unstinting efforts in the fight against COVID-19 are truly remarkable.

Thank you,  
and warmest regards.

**Stefan Heintze**

## NEWS

Helping  
our Hospitals

Our culinary team has been toiling to help support the doctors, nurses and health workers who are doing so much to treat the sick during this coronavirus crisis. During April the hotel's chefs prepared hundreds of meals for 4 hospitals in the local area and we arranged delivery to each, as well as donating soap gel and cloth masks.

At our first visit, to Central Hospital, members of the hotel's Welfare Committee were greeted by Registered Nurse Sudarat Visitserngrakul.

The team conveyed their thanks and appreciation for the unstinting efforts of all the hospital staff.
